

All of your payment acceptance requirements handled affordably and reliably.

Few things are more central to the success of your business than the ability to efficiently and effectively accept payments from your customers. That's why Everest Payment Solutions processes all payments — from in person transactions involving credit, debit and prepaid cards to online transactions, checks and more — all in a safe, secure, fast and affordable manner and always with your company's best interests in mind.

We specialize in solutions for local businesses like yours, providing assistance as you navigate through the complexities of payment processing and managing the associated expenses. We enable you to focus on growing your business.

Our featured functionality includes next day access to funds, 24/7 multi-level customer service support, easy to read statements, online access to your merchant account information, fully redundant processing systems, and so much more. We're here for you every step of the way.

Everest Payments was built on a philosophy and commitment to provide merchants with the highest quality transaction

processing services and superior customer support. To fulfill that commitment we have a solution that is suited just for your type of business. Whether the nature of your business is retail, restaurant, healthcare, service provider, mail order or e-commerce, we can optimize your payment processing. We take great pride in the high quality service we provide our customers. Advantages of the Everest Payments solution include:

Enhanced Cash Flow and Profitability

With an Everest Payments merchant solution, you can

expand your customer payment options to ensure you never lose another sale. From credit and debit card processing to check services and gift cards, you can enable your customers to pay via their preferred method. Next day funding for credit and debit card sales is

available, while our gift card solution will help you generate new business and keep loyal customers coming back.

Secure and Unparalleled POS Solutions

Everest Payments offers a wide variety of powerful terminal and software solutions – including some that are ideal for your point-of-sale. Our virtual terminal solutions eliminate the need for standalone payment terminals and dedicated phone lines. All transactions are processed using systems that feature state-of-the-art security that exceeds industry standards to protect cardholder data.

Service and Support You Can Count On

Everest Payments is here to support you, whenever you need help. Our experienced relationship managers and a 24/7 help desk staffed by skilled, trained professionals are always available to provide you with assistance.
